

BEST BUY BIG BLOCK!

This has to be one of the best buy big blocks on the island. Minimal clearing required as is mostly super long grass and the soil is excellent! Beautiful rich red volcanic soil, great for growing fruit and vegetables or establishing a tropical garden oasis.

A very small no through road with only a handful of neighbours as a lot of the surrounding blocks are council owned, conservation blocks and we would be happy to point those ones out to you on inspection or enquiry no problem at all.

This block has previously been soil tested and was shown to allow "the footprint of a typical 3 bedroom residence".

You would be hard pressed to find a block of this size, of this quality so close to town at this price. For more information or assistance with viewing, please contact Belinda or Sally any time.
