## QUIRKY YURT !

Although a traditional Yurt is constructed with skins and is designed to be transportable, this one is not going anywhere! Raised high in the air with the veranda enclosed to create a sunroom this is far from the norm. One bedroom and bathroom and open plan living sit on the top floor, whilst a second bedroom, living area, bathroom/laundry and utility room are on the ground floor and accessed by a commanding spiral staircase.

This is not a property that can be explained in a few sentences and it won't be everyone's cup of tea. But if you like to be different, like an adventure , then you need to call us to arrange an inspection.

In fact call us today !!
