## Cream of the Crop 640m2 Land with Jaw Dropping Water Views

This would have to be the best block of land available on Russell Island. Located on the prestigious Wahine Drive, where houses have their own jetties and sell in the million dollar price range. Once you inspect in person you will see why.

The block is a large 640m2 with a wide 25.5m road frontage. It is positioned at the top of the hill on Wahine drive where it gets 180 degree elevated water views of the sheltered waters of Canaipa passage and North Stradbroke Island behind. Being elevated at 23m above sea level it receives excellent breezes. A large building area is ready to go with no trees to remove. A low set house is all you need. You may want to remove/prune some of the trees where it slopes off to open up your views once you have your building approval.

Imagine waking up to the sunrises behind North Stradbroke Island, and relaxing on your verandah with unobstructed water views that you can only dream about.

Down below is a suitable location to put a new mooring in for the boat or the boat ramp is only 900m away.

No drones were used to take these photos, what you see is not exaggerated. This is reality, and this could be your daily reality one day! Contact local agent Kat Gawlik for more information and to inspect - 0497 887 953.
